

LIZBETH ROCIO TUJILLO SALGADO

UX/UI DESIGNER | INTERACTIVE DESIGN

Ciudad de Mexico | +525621582920 | lizzytrujillosalgado130503@gmail.com | 0243165@up.edu.mx

UX/UI Designer with a background in Animation and Video Game Engineering and a specialization in Interactive Design. Experienced in user-centered design, prototyping with Figma, and developing digital solutions using technologies such as React, Next.js, TypeScript, and Unity (C#). Skilled in designing applications, video games, and interactive experiences by combining technical and design expertise to create functional, intuitive, and user-focused products.

AREAS OF EXPERTISE

UX/UI Design (Figma, prototyping, user testing) User Research & User Flows

Frontend Development (React, Next.js, TypeScript)

Unity Development (C#, gameplay programming, physics) Interaction Design

Immersive Experiences (VR and haptic devices)

KEY ACHIEVEMENTS

- Designed multiple user-centered digital interfaces and experiences.
- Developed functional prototypes validated through user testing.
- Improved product usability through iterative design processes.
- Bridged UX design and development to ensure technical feasibility and implementation.

EXPERIENCIA PROFESIONAL

UX/UI Designer | Enacment

Oct 2025 - Present

- Create wireframes, user flows, and interactive prototypes in Figma.
- Conduct user testing and implement iterative improvements.
- Design digital experiences focused on usability and accessibility.
- Translate user needs into functional and intuitive solutions.

Frontend Developer | CIA Chain Solutions

Aug 2023 - Dec 2024

- Implemented interfaces based on Figma designs.
- Developed websites and landing pages using React, Next.js, and TypeScript.
- Ensured consistency between design specifications and final products.

Developer – Gameplay Development | PCI LAB

Jan 2023 - Dec 2025

- Developed interactive experiences using Unity.
- Programmed interaction mechanics and object behaviors.
- Supported the technical implementation of immersive experiences.

President – Animation and Video Game Engineering Student Association

Aug 2022 – Aug2023

- Led academic initiatives and student projects.
- Coordinated multidisciplinary teams and collaborative activities.

EDUCATION

Bachelor's Degree in Animation and Video Game Engineering

Universidad Panamericana

Aug 2021 – Aug 2025

Specialization in Interactive Design

Universidad Panamericana

Aug 2025 – Present

TECHNICAL SKILLS

UX-UI

- Figma (Prototyping, Wireframing, User Flows)
- User testing
- User-Centered Design

TECHNICAL

- React, Next.js, TypeScript
- Unity (C#)
- SwiftUI
- Python, C++

PROFESSIONAL SKILLS

- User-Centered Thinking
- Effective Communication
- Cross-Functional Collaboration
- Analytical Thinking
- Problem Solving

ADDITIONAL INFORMATION

- Languages: Spanish (Native), English (Intermediate–Advanced)
- Certifications
 - Certifications: App Development with Swift Associate
 - Unity Essentials Pathway
